संज्ञा

It gives an interesting pleasure to have the Regional College of Health Sciences, Mandla in publishing its college magazine christened 'Aarohita' for the session 2021-22. My congratulations to the college authority on this occasion.

College magazine or publication which contains the views and opinions of the student community belonging to a particular college. It also carries the literary identity of the students and their experiential issues of concerns. I hope 'Aarohita' besides being an extension of the literary activities of the students because it may serve as a guide and as their avenue to express their intellectual profiles.

I convey my best wishes to the editorial team of 'Aarohita'. Have the magazine in well-revised approach.

MEMORANDUM

It was happy to know that Regional College of Nursing Studies, Kozhikode is going to publish its annual magazine named "Kozhikode".

Working in an old and a vintage and at the same time it is a modernization work's it gives us the opportunity to serve the students in a proper way. I extend my greetings and warm wishes to the editorial board and all the concerned members associated with the publication of the magazine and wellwishes of the same.

MESSAGE

It gives me immense pleasure to learn that the Students' Union of the Regional College of Nursing, Guwahati, has embarked upon publishing the College Magazine "ANCHALIKA" in May 2022.

Regional College of Nursing has set an excellent example of providing quality education in nursing over the years. The untiring efforts of the administration and the faculty members have paved the way to success of RCN. Graduates from this institution are serving with great distinction in teaching and service sectors of the state and in many places of our country and have done the institution proud. I sincerely hope that in the coming days with the introduction of postgraduate studies, fellowships and Ph.D. programmes of SSUHS the students of this institute will be able to shine much more. We must never forget that advanced nursing education and care is the most vital element in modern healthcare system.

This magazine "Anchalika" should form a bridge between the past and present alumni of this institution and I am sure it will be a very good medium of unlock all the talents of the staff and students.

I wish the endeavor as well as the Institute all that is best for its voyage towards the acme of intellectual bonanza.
